

Job Description: Ski & Snowboard Repair Technician

Kittredge Sports in Mammoth Lakes California the premier Ski & Sport Shop in Mammoth and unrivaled repair shop. Kittredge Sports is seeking qualified Repair Shop Technicians to fill 2 positions for the winter of 19/20.

These jobs pay hourly plus commission for all customer work done and can average in the high \$30 per hour for an experienced technician. Some other benefits may apply depending on experience. You will be working alongside veteran, experienced tech's that have been at the shop for years.

We are willing to do some training on machine use but experience in Mounting of skis, Tuning of skis and tuning of snowboards is a must. Past experience with Montana and Wintersteiger machines is a plus. Currently we have the latest technology in the Montana Snow Star stone grinder and the Wintersteiger Trim Jet Racing edger. Other machinery in the store include a custom hot box, Montana binding machine, Montana P-Tex Master and other machines.

This job requires a personable and positive attitude with customers, problem solving with equipment issues that customers have during their vacation and experience with older equipment along with new equipment. Binding certifications will take place once employed.
